# COUPLING BREAKER

## Coupling Breaker

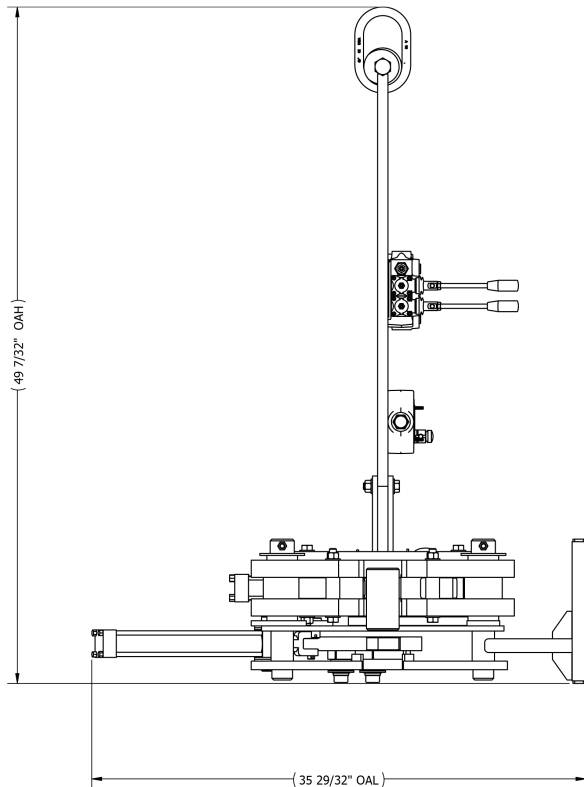

For years, changing out rod couplers on rod strings has been a time consuming and potentially dangerous job. Automated Rigs Coupling Breaker enables the rig crew to safely and efficiently remove rod couplers without wrenches or snipes. The Coupling Breaker can also remove rod couplers on rods that are on the ground or on racks.

Our experienced mechanical, hydraulic and electrical staff install commission and support your equipment 24 hours a day 365 days a year!

**Contact us** today to experience service that is second to none!
