- Tool Boxes
- X-Celerator[®]

TMX[®]

Smaller operations often struggle with the need to service multiple wells in a short period of time, and in a cost effective manner. Our TMX[®] is Automated Rig Technologies most mobile X-CELERATOR[®] offering. Operators can leverage both a minimal equipment footprint and the ability to service multiple wells a day.

The TMX[®] allows your fleet to be flexible. The TMX[®] rigs up with any conventional service rig or Flushby rig to enable your fleet to run continuous rod.
